

Ordering Simplification: Women's Health Testing

Offering our clients state-of-the-art testing is part of CPL's ongoing commitment to excellence.

Effective July 20th, 2020, Clinical Pathology Laboratories (CPL) will discontinue the use of specific Women's Health-associated unit codes as displayed below. These codes were evaluated and determined to be unnecessary, redundant, or not clinically useful. We have provided recommendations for replacement unit codes which will provide equivalent or comparable testing to those that will be discontinued. This is the first of several steps CPL will take to simplify and streamline ordering in Women's Health over the next several months.

Please contact your Account Representative should you have any questions regarding these changes.

For interface build information, contact the CPL Database Department at dbclinical@cpllabs.com.

DISCONTINUED UNIT CODES		SUGGESTED REPLACEMENT UNIT CODES	
4112	CT/NG, TMA, URINE	4335	CT/NG, TMA, URINE
7883	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASC-US	8058	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASCUS
7884	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASC-US/LSIL	8058	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASCUS
8036	PAP TEST, THINPREP, IMAGED AND HPV HR WITH GENOTYPE	8051	PAP TEST, THINPREP, IMAGED AND HPV HIGH RISK WITH GENOTYPE
8048	PAP TEST, THINPREP, IMAGED + HPV HIGH RISK WITH GENOTYPE	8051	PAP TEST, THINPREP, IMAGED AND HPV HIGH RISK WITH GENOTYPE
8050	PAP TEST, THINPREP AND HPV HIGH RISK WITH GENOTYPE	8051	PAP TEST, THINPREP, IMAGED AND HPV HIGH RISK WITH GENOTYPE
8081	PAP TEST, THINPREP, IMAGED AND HPV IF ABN AND GC AND CHLAMYDIA AMP	8056	PAP TEST, THINPREP, IMAGED, REFLEX HPV HR + GC AND CHLAMYDIA, AMPLIFID
8082	PAP TEST, THINPREP, IMAGED AND HPV HR IF ABNORMAL	8058	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASCUS
8119	PAP TEST, THINPREP, IM + HPV IF ASC/LSIL + CT/NG, AMPLIFIED	8056	PAP TEST, THINPREP, IMAGED, REFLEX HPV HR + GC AND CHLAMYDIA, AMPLIFIED
8137	PAP TEST, THINPREP, MC 2 YR REFLEX HPV HIGH IF ASCUS	8058	PAP TEST, THINPREP REFLEX HPV HIGH RISK IF ASCUS
8139	PAP TEST, TP, IMAGED + HPV HR WITH GENOTYPE + CT/NG AMP + HSV I/II + TRICH AMP	8233 AND 3915	PAP TEST, TP, IMAGED + HPV HR WITH GENO + CT/NG, AMP + TRICH, AMP AND HSV 1 AND 2 BY PCR
8147	PAP TEST, MC 2 YR THINPREP, IMAGED	8146	PAP TEST, THINPREP, IMAGED
8148	PAP TEST, MC 1 YR THINPREP, IMAGED	8146	PAP TEST, THINPREP, IMAGED
8149	PAP TEST, MC DIAGNOSTIC TP, IMAGED	8146	PAP TEST, THINPREP, IMAGED
8151	PAP TEST, TP, IMAGED + HPV IF ASC/LSIL + CT/NG, AMP + TRICH, AMP	7879	PAP TEST, TP, + HPV HIGH RISK IF ASC-US + CT/NG + TRICH
8153	PAP SMEAR, MEDICARE 2 YR SCREEN	8150	PAP SMEAR, CONVENTIONAL
8155	PAP SMEAR CYTOLOGY REPORT WITH M.I.	8150	PAP SMEAR, CONVENTIONAL
8282	PAP TEST, MC DIAGNOSTIC THINPREP	8146	PAP TEST, THINPREP, IMAGED
8283	PAP TEST, THINPREP WITH M.I.	8146	PAP TEST, THINPREP, IMAGED
8284	PAP TEST, MC 2 YR THINPREP	8146	PAP TEST, THINPREP, IMAGED
8285	PAP TEST, MC 1 YR THINPREP	8146	PAP TEST, THINPREP, IMAGED
